Major NPC Interactions & Storylines

The Gobshite

This optional story is played out via dialogue featuring Brynjolf, Kaidan and various members of the Thieves Guild.

It is written with the intent of giving Brynjolf a personal history, expanding his personality via interactions with various NPCs, and to provide a romantic rivalry for Kaidan while offering up an explanation as to why he's not a viable romance option.

Major NPC Interactions & Storylines

The Bear of Markarth

This optional story is played out over the course of the Civil War questline and revolves around Ulfric Stormcloak as a potential romantic rival. Kaidan comes face to face with an intimidating challenger for the Dragonborn's heart, has to dig deep to overcome his insecurities when he recognizes just how deep his own feelings go.

Major NPC Interactions & Storylines

The Fratpack
