

Erik/Kaidan backstory

KNPCErik

If you want to hear all of the Erik's past with Kaidan, it is important to not complete Erik's quest (the one where he becomes Erik the Slayer) too soon. Which also includes not doing alternate start for Nord characters, who can be Erik's childhood friend.

How to check what stage of quest you are on

Congratulations you completed Erik/Kaidan backstory

Note:

If you completed Erik's quest too soon for him to become the Slayer, you can lock yourself out of all of the Rorikstead convos. But only these, he will still have travelling comments with Kaidan and the Fratpack – as long as they introduced to each other.
