

Romance Guide

This isn't about lust or desire

Kawk

(Kaidan awkward, kai-awk = kawk)

There are idles, letters (in the chest in the large tent) and Kaidan/Dragonborn dialogues that indicate Kaidan has feelings.

This will start as mild and develop as the friendship develops making it feel more realistic.

Please note early flirt needs to be turned on for Kawk (the player can turn this on or off at anytime and there is an option via dialogue to stop Kawk if wanted).

Please note there are new idles and convos added throughout the romance some of which delays the stage progression.

Romance stages have be re-worked to make them more reflective of your chosen path. These changes include path specific idles and convos.

How to start the Romance

To start the romance with Kaidan, complete his friendship (stage 70) and then wear an Amulet of Mara and speak to him.

The early amulet patch (found in the AIO) allows Kaidan to recognize the amulet at friendship stage 35. However you do need to become Dragonborn to progress the romance past stage 25.

Please note: If you do the new noble girl quest it extends the romance progression. Please refer to that guide for further details.

Please note: If you tell Kaidan you do not drink it will skip the date and drunken confession

Amulet of Mara

You can obtain an amulet either randomly appear in merchants inventory or looted. Alternatively you can buy one from Maramal, the priest of Mara in Riften.

Immersive Features has also added the ability to obtain an amulet from Erik the Slayer.

The conditions for this are: You have not already wore another one (K04 have not started), early flirt on, Erik is your follower, K03 higher or equal to 40 and Kaidan/Erik story (KNPC Erik) higher or equal to 20 (Kaidan/Erik has spoken at least twice and you have spoken to Erik at least once).

MIRALKI'S AMULET OF MARA

ARMOR 0 WEIGHT 1 VALUE 316

A worn Amulet of Mara, that has clearly been passed down several generations.

Romance Stages

The time between the romance stages is controlled by the romance timer (default is 12 hours). Each stage has Kaidan/Dragonborn dialogue.

- Stage 5 – Kaidan will ask for a hug, the player can accept or decline (declining will not affect romance progression).
- Stage 10 – Kaidan asks the Dragonborn on a date in which there is a drunken confession (requires outdoor location/travelling).
- Stage 20 – Kaidan apologies for the drunken confession.
- Stage 25 - Kaidan will ask for a kiss, the player can accept or decline (declining will not affect romance progression).
- Stage 30 – The first night (requires Kaidan in rest mode), the player can accept or decline (declining will not affect romance progression). Here you have different choices related to the romance path (Hot/spicy/steamy, Warm/shy/sweet, Cold/platonic/awkward - these only affect Kaidan's responses not romance progression).
- Stage 40-42 – “About the other night” dialogue unlocked (again you can choose your romance path, this doesn't have to be the same path as stage 30).
- Stage 55-57 – Kaidan will give you a carved talisman
- There is now extra convos that were added that delays the next stage and is dependent on the path chosen at stage 40-42
- Stage 60-62 – Kaidan will confess his love for the Dragonborn.
- Stage 70 – Dragonborn confesses their love for Kaidan (found under “How do you feel about me” Please note you may have to click on this more than once as the response is random).
- Stage 75 – This is the Pre-Proposal stage (explained on next page)
- Stage 80 – Proposal
- Stage 85-90 – The wedding (choice of 3 locations each with their own theme)
- Stage 100 – Complete – Congratulations you are now married to Kaidan.

Pre-Proposal

Kaidan will equip an Amulet of Mara at stage 75 of the romance

If you have the Fratpack with you they will also have dialogue with Kaidan

During this stage there will be dialogue between Kaidan and the Dragonborn

This stage increases the time before Kaidan will propose

Proposal

Kaidan will propose in any player home, Jorrvaskr Shadowgreen Cavern, Eldergleam Sanctuary, Ancestors Glade or Throat of the World.

"Is everything alright?" will start the proposal

You can choose to accept or decline (this will not affect the relationship and there is a choice to change your mind under "Kaidan can I ask you something?", "About our relationship")

There will be 3 wedding locations to choose from each with their own flavour: Solitude Temple, The forest and Whiterun.

Please note Whiterun will only be available under certain conditions. Please refer to the Whiterun wedding slide for these conditions.
