

## Jorrvaskr is a Frathouse

KNPCWolfTwins

If you want to hear all of the Jorrvaskr convos you need to have "early flirt" and "spice" switch turned ON and then later romance Kaidan. If you want to be friends only with Kaidan, the Jorrvaskr convos stop at stage 40.

### Congratulations you completed Jorrvaskr convos

**Note:**

Most of the convos that are tied to play only in Jorrvaskr main hall will make the twins go inside and walk to the front of the big fireplace. So if you have a convo available, try to wait a bit in the main hall before leaving somewhere else, so you don't miss the scene ;)

Convo with Farkas helping him choose - if you choose Brelyna, the Jorrvaskr convos are going to skip to stage 230. If you choose Ysolda, they are going to continue as written above in the guide.
